

COMTESSE DE BOUCHAUD CLEMATIS
Clematis 'Comtesse de Bouchaud'

☀️ ☀️ ⬆️ 3 m / 10' ⬅️ 1 m / 3' 🌸 June-September

Large 15 cm (6"), light pink blooms produced in abundance from June to September.

JACKMANII CLEMATIS *Clematis 'Jackmanii'*

☀️ ☀️ ⬆️ 4 m / 12' ⬅️ 1 m / 3' 🌸 June-September

A stunning display of violet-purple blooms that has decorated the prairies for many years.

NELLY MOSER CLEMATIS *Clematis 'Nelly Moser'*

☀️ ☀️ ⬆️ 3 m / 10' ⬅️ 1 m / 3' 🌸 June-September

Popular bicolour selection offering large mauve-pink flowers striped with a dark carmine bar.

VILLE DE LYON CLEMATIS *Clematis 'Ville de Lyon'*

☀️ ☀️ ⬆️ 3 m / 10' ⬅️ 1 m / 3' 🌸 June-September

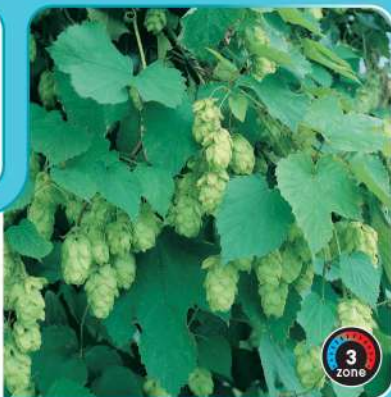

Deep 15 cm (6") crimson-red flowers with a faded center are produced in abundance.

BREWER'S GOLD HOPS *Humulus lupulus 'Brewer's Gold'*

☀️ ⬆️ 6 m / 20' ⬅️ 2 m / 6' 🌸 May-June

Excellent vigor with high yields. Light green foliage. Hops in late summer.

CASCADE HOPS *Humulus lupulus 'Cascade'*

☀️ ⬆️ 6 m / 20' ⬅️ 2 m / 6' 🌸 May-June

Very popular variety with a moderate bitterness level and fragrant, flowery aroma. Cascade is often used in ales that have a citrus-floral hop character.

WILLAMETTE HOPS *Humulus lupulus 'Willamette'*

☀️ ⬆️ 6 m / 20' ⬅️ 2 m / 6' 🌸 May-June

Vigorous vine with fruit used to flavour beer. Light green foliage. Mild flavouring.

DROPMORE SCARLET HONEYSUCKLE
Lonicera x brownii 'Dropmore Scarlet'

☀️ ☀️ ⬆️ 3 m / 10' ⬅️ 2 m / 6' 🌸 June-July

Cascading vine is very low maintenance with orange-red, trumpet-shaped blooms.

VIRGINIA CREEPER *Parthenocissus quinquefolia*

☀️ ☀️ ⬆️ 6 m / 20' ⬅️ 1-1.25 m / 3-4'

Attractive late summer fall colour with blue berries that attract birds. Requires support or use as groundcover.

ENGLEMAN IVY *Parthenocissus quinquefolia 'Engelmannii'*

☀️ ⬆️ 6 m / 20' ⬅️ 6 m / 20'

Vigorous grower, ideal for screening as no support is required. Blue berries attract birds and brilliant red fall colour.
